RESIDENT'S STORIES

We've been speaking to residents about the redevelopment, here's what Ann Marie (pictured left) had to say:

"The regeneration will mean having a nice flat to live in where we will be safe, and it will bring the estate to living standard. I have lived in this block over 30 years, and I have seen so many people struggle with overcrowding, dampness, mould issues and there's no direct sunlight in this flat and it's very dark. I voted yes to the full redevelopment because I am hopeful that this will tackle some or all the issues."

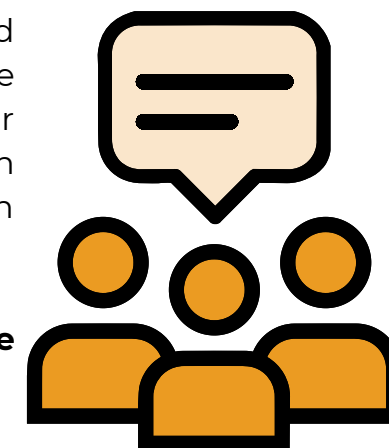

Get in touch with Jamal or Yasmin to share your thoughts on the regeneration.

WOULD YOU LIKE TO REPRESENT YOUR BLOCK ON IMPORTANT ISSUES ABOUT THE REDEVELOPMENT?

We are looking for people who can help us better understand residents priorities for the redevelopment project. If you are a resident looking to shape the regeneration, alongside your neighbours, to meet the needs of your estate get in touch with us to become a block rep or be part of our construction working group.

Please look out for our letters and posters with more information on this.

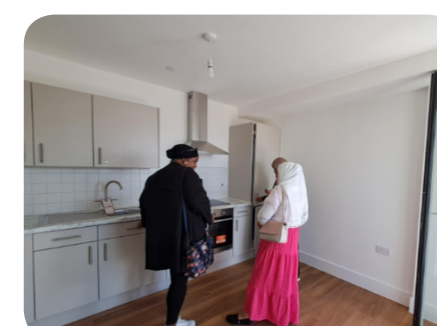

Site Visit To Daventry House

On Tuesday 15th August 2023, the West Kentish Town Estate redevelopment project team were joined by 15 residents to visit the new build at Daventry House (Lisson Grove), Westminster.

Residents got a tour from the Daventry House team, at Westminster City Council, went inside a few of the homes to see the quality to which they were built. We got valuable and helpful feedback from residents about the quality of new homes, access and height and what they would like to see in their new homes.

Thank you to all the residents that joined us and gave us feedback!
